## Sleeping car, 2-berth compartment WL4

**COMFORT:** Each compartment has 2 beds. During daytime, the upper bed is folded up so the lower bed can be used as a sofa. Each compartment contains an own shower and WC. There is also a 220V electric socket, a radio and a wake-up system in every compartment.

**LUGGAGE:** There is one luggage rack and one wardrobe in each compartment. Skis and other bulky luggage can be stowed under the lower bed.

**MORE INFO:** The lowest place number refers to the lower bed. The compartment containing places 34 and 36 is disabled friendly. Only available as whole compartments. If booking via HERMES, always enter code 17.

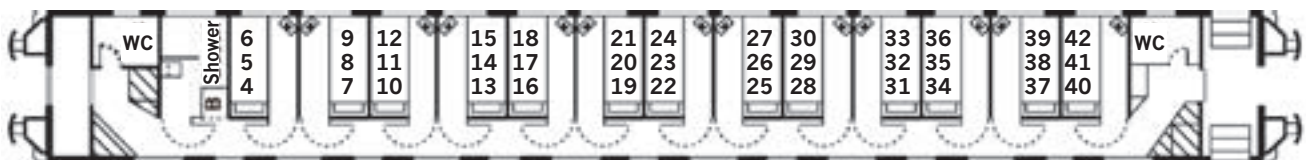

## Sleeping car, 2-berth compartment WL5

**COMFORT:** Each compartment has 2 beds. During daytime, the upper bed is folded up so the lower bed can be used as a sofa. Each compartment contains a 220V electric socket, a radio and a wake-up system. Compartments containing places 4-15 have an own shower and WC. The other compartments contain a wash basin. There is a WC and a separate shower room at the end of the carriage.

**LUGGAGE:** There is a small luggage rack in each compartment. Skis and other bulky luggage can be stowed under the lower bed.

**MORE INFO:** The lowest place number refers to the lower bed. When booking a compartment with shower via HERMES, always enter code 17.

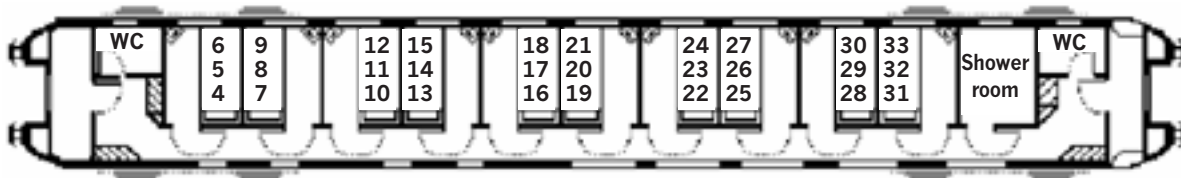

## Sleeping car, 3-berth compartment WL6

**COMFORT:** Each compartment has 3 beds. During daytime, the middle bed is folded up so the bottom bed can be used as a sofa. There is a 220V electric socket, a radio and a wake-up system in every compartment. All compartments contain a wash basin. There are two WCs and a separate shower room in each carriage.

**LUGGAGE:** There are two small luggage racks in the compartment. Skis and other bulky luggage can be stowed under the bottom bed.

**MORE INFO:** The lowest place number refers to the bottom bed. Only available as 3-berth compartments, bookable either as Ladies' or Gentlemen's berth or as a whole 3-berth compartment.

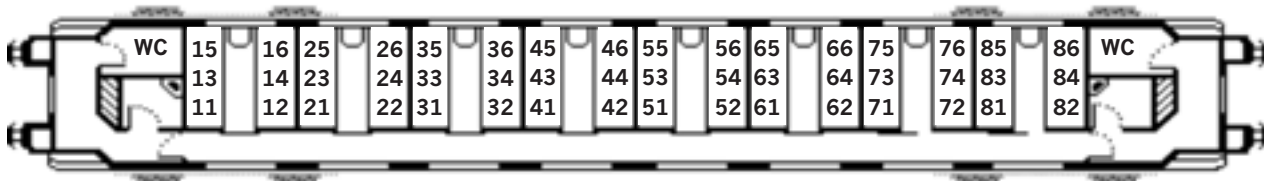

### Sleeping car, 3-berth compartment WL1

**COMFORT:** Each compartment has 3 beds. During daytime, the middle bed is folded up so the bottom bed can be used as a sofa. There is a wash basin, 220V electric socket, a radio and a wake-up system in every compartment. There are two WCs and a separate shower room in each carriage.

**LUGGAGE:** There are two luggage racks in the compartment. Skis and other bulky luggage can be stowed under the bottom bed. There are more luggage racks in the corridor.

**MORE INFO:** The lowest place number refers to the lower bed. Only available as 3-berth compartments, bookable either as Ladies' or Gentlemen's berth or as a whole 3-berth compartment.

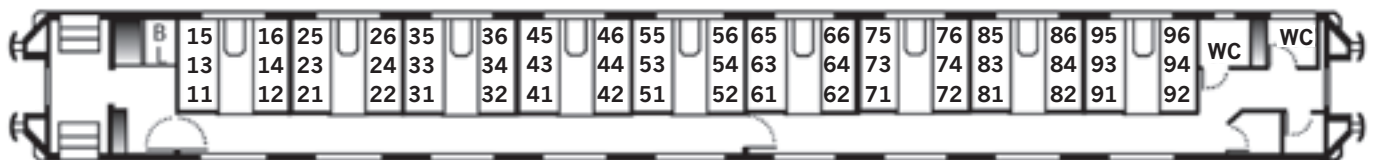

### Couchette, 6-berth compartment BC2 / BC2D

**COMFORT:** Each compartment has 6 berths. During daytime, the middle berths are folded down so the bottom berths can be used as sofas. There are two WCs and one wash room in each carriage.

**LUGGAGE:** There is a luggage rack above the compartment window. Skis and other bulky luggage can be stowed under the bottom berths. There is also a special ski stowage compartment at the end of the carriage.

**MORE INFO:** The lowest place number refers to the bottom berth. There is a 220V electric socket in all compartments on BC2Ds (running in the night train Malmö-Berlin). Special Ladies' compartments are available and can be booked via HERMES using code 30.

### Couchette, 6-berth compartment BC4

**COMFORT:** Each compartment has 6 berths. During daytime, the middle berths are folded down so the bottom berths can be used as sofas. There is a 220V electric socket in every compartment. There are two WCs and one wash room in each carriage.

**LUGGAGE:** There is a luggage rack above the compartment window. Skis and other bulky luggage can be stowed under the bottom berths. There is also a special ski stowage compartment at the end of the carriage.

**MORE INFO:** The lowest place number refers to the bottom berth. Special Ladies' compartments are available and can be booked via HERMES using code 30.

# SJ InterCity

InterCity trains traffic medium to long-distance routes, stopping at several towns and cities throughout Sweden. The layout and composition of the trains vary, but all offer 1<sup>st</sup> and 2<sup>nd</sup> Class travel as well as a bistro or refreshments counter.

During the coming year (until autumn 2010), SJ will be refitting virtually all the InterCity carriages. The new interior design will include more comfortable seats, better lighting and an electrical socket at every seat.

## **Domestic InterCity trains:**

- Stockholm – Östersund
- Stockholm – Falun/Mora
- Stockholm – Karlstad
- Stockholm – Göteborg
- Stockholm – Västerås - Örebro - Göteborg

## **International InterCity trains:**

- Stockholm – Oslo
- Göteborg – Copenhagen
